

## TECHNICAL DATA SHEET

# DISPOSABLE OVERALL

With premium dual material technology and offering CE Category III, Type 5/6 protection, the Gerko disposable protective overall is ideal for applications where both high levels of protective performance and comfort are desired.

It is a microporous overall with hood, combined with breathable SMS material at back. Knit cuffs, elastic at ankle & back waist. Two-way front zipper with flap closure.

### PROPERTIES

- Premium dual material technology provides both protective performance and comfort
- Excellent barrier against dry particles and limited liquid chemical splash (CE Type 5/6)
- Soft and light, super low-linting laminated microporous material
- Back panel made of breathable SMS material for improved air circulation and reduced heat stress
- Two-way zipper with fully sealable flap
- Knitted cuffs and elasticated waist and ankles for increased comfort and freedom of movement
- Anti-static treated
- No linting
