

TECHNICAL DATA SHEET

DUST CONTROL

Gerko dust control is a transparent, static, waterbased liquid specially developed for floors of spray booths and pre-treatment areas. Traps dirt and dust, keeping dust close to the ground. Ready to use, apply with a pressure sprayer.

EIGENSCHAPPEN

- Due to the ionizing effect, upwelling dust is immediately attracted and retained
- Removable with water
- Biodegradable, non-toxic
- User and environmentally friendly
- Saves cleaning time
- Can be used on walls as well as on the floor
- Silicone-free
- Economical in use
- Temperature resistance: 80°C
- Waterbased liquid

PHYSICAL PROPERTIES

CODE	DESCRIPTION	PIECES PER PALLET
DC05	Gerko dust control 5 L	96
DC10	Gerko dust control 10 L	40
DC25	Gerko dust control 25 L	24

APPLICATION CONDITIONS

- Apply with a hand pressure pump
- Spray head: fine atomization
- Spray the product lightly, but regularly
- Product works 7-14 days

STORAGE

Protect product against frost
